

The Arty Penguin

VARIETY

As you can see by the range of designs applied to different products we can apply almost any design to other products so if you don't see a design on the product you would like then please ask as we can probably do it for you.

We can apply designs to a wide variety of products. This includes textiles like Aga cover, aprons, oven gloves, peg bags, bags etc. Or melamine products such as trays and coasters. We can even do fabric or wallpaper!

If you don't see a product don't assume we can't do it for you.

BESPOKE

The Arty Penguin also offers a **bespoke** design service for those customers wanting something special or unique to them. We have in the past created bespoke designs for customers small and large. For "**Created by the Riddleys**" we have designed several fabrics for the products they create. We also undertook a large order for "**Fatface**" where we designed and supplied a range of Christmas cards for Christmas 2016 which were sold all over the world.

If you want to know more please call and ask for Ceinwen (kine-wen).
